

HELLO, SUMMER 2025!

Help your children enjoy summer and stay engaged by keeping them active and taking advantage of what we have in the area. Watch our Facebook page as more activities surface. Let's support those activities that are being held by filling all of their available seats! Share the guide and tell your friends. And make sure and let us know about something new so we can also share.

CHECK WHAT YOUR CHILD'S SCHOOL IS OFFERING

This year more than ever, local schools are offering great summer programs. Check to see what they're offering in your district.

PLAY, PLAY, PLAY

Don't underestimate the importance and power of play. It helps us learn even faster! Take time and play with your kids. It's good for you, too.

"WE DON'T STOP PLAYING BECAUSE WE GROW OLD;
WE GROW OLD BECAUSE WE STOP PLAYING."
—GEORGE BERNARD SHAW

AVOID SUMMER SLIDE

STUDENTS LOSE ABOUT A MONTH'S WORTH OF LEARNING ON AVERAGE OVER THE SUMMER. (SOURCE: SCHOLASTIC). KEEP THEM ENGAGED IN FUN WAYS!

TO THE POOL!

PLAYING WITH YOUR CHILDREN IS INCREDIBLY IMPORTANT

PLAY

Some simple and fun ideas to kick-start playtime with your children, students, and little friends today

- **Nature Scavenger Hunt:** Explore the outdoors together and search for items like leaves, rocks, or flowers.
- **Storytime Adventure:** Let their imaginations soar with storytelling sessions, or create your own stories together.
- **Indoor Fort Building:** For an afternoon of imaginative play, construct a cozy fort using blankets, pillows, and furniture.
- **Arts and Crafts:** Break out the paints, crayons, and paper for a creative crafting session.
- **Kitchen Experiments:** Whip up some fun in the kitchen with easy and safe cooking or baking activities.
- **Music and Dance Party:** Turn up the tunes and have a dance-off or make homemade instruments for a jam session.
- **Role-Play Scenarios:** Act out favorite stories, pretend to be superheroes, or create a make-believe world together.
- **Outdoor Games:** Play classic games like tag, hide and seek, or hopscotch in the backyard or local park.
- **Science Experiments:** Conduct simple experiments like making slime, discovering solar power, or exploring buoyancy.
- **Puzzles and Board Games:** Challenge their minds with puzzles, board games, or card games suitable for their age group.

Children grow and change so quickly that we often don't know the best way to PLAY! Increasing our understanding of our child's developing brains and bodies is a key step playing in a way that helps our children grow and develop.

Tips for Families

- Read with kids daily
- Practice math facts
- Have good conversation
- Play educational games
- Visit the library

Connect to Critical Resources

2-1-1

What Is 2-1-1?

2-1-1 is a free, confidential telephone helpline and website that connects people with local resources they need. People of all ages can quickly get information and referrals to health and human services in over 150 languages. We're here 24 hours a day, seven days a week, for both everyday needs and times of crisis.

How Can I Access 2-1-1?

By phone:

From Tehama County, dial 2-1-1 toll-free from any phone, cell or landline. You will talk with a live, trained service professional in your area.

To reach 2-1-1 NorCal resources from a phone outside the county, use the county's 800 number:
2-1-1 Tehama: 1-866-963-8182

By text:

You can text your zip code to TXT211 (898-211) to talk with a live specialist, 24 hours a day, seven days a week, 365 days a year. This two-way texting service is available in English and Spanish.

*Standard message and data rates may apply. Text STOP to opt-out. For end-user privacy and terms and conditions of texting with 898-211, visit www.preventionpaystext.com/policies.
